Parish Newsletter

Sunday 9th July 2017

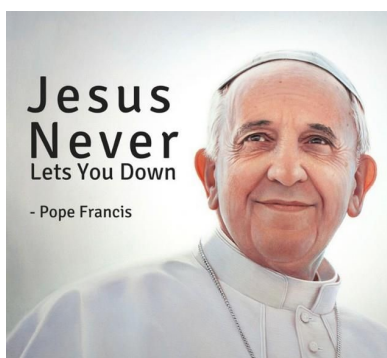

Early this week I listened to the radio on my way to work. The presenter interviewed the author **Alex Soojung-Kim Pang**, who wrote the book **"Rest: Why You Get More Done When You Work Less"**.

My first reaction was – that's impossible! How would you get more done while working less? But Alex Soojung-Kim Pang explained it very well by pointing out the

way most of us live these days. For many of us, overworking is the new "normal" and rest is an afterthought. In our busy lives, rest is defined as the absence of work: late-night TV binges, hours spent trawling the internet, something to do once we've finished everything else on our "to do lists". Mobile phones don't help either as we can hardly let go of them – we need to be available 24/7. But when do we truly recharge? When do we rest? When are we calm? Over the past few years "mindfulness" has popped up everywhere and nowhere mindful eating – mindful walking – mindful thinking – mindful everything. It looks like loads of people want to be and to become mindful. I recently took part in a mindfulness course myself to find out what it is all about. I realized very quickly it is quiet challenging for me to just BE. I am either thinking ahead or wondering about things I could / should / would have done in the past! But to just be - very difficult! In today's gospel God encourages us to become still – to rest. He invites us to come to him with all our thoughts, worries, challenges, burdens and **HE WILL GIVE US REST**. I know it can be difficult to take up God's offer and take seriously (we are probably too busy with other things) but once we are rested, we are calm and recharged we can enjoy our fullness of life that He promised us. We are ready to be who are meant to be – children of God – loved and precious in the eyes of God .

Stay calm and take a deep breath –
enjoy your week,

Christina Parish Pastoral Worker

Feast of Saint Benedict - 11th July

St. Benedict died at Monte Casino not long after his sister, Saint Scholastica. He died of a high fever on the day God had told him he was to die and was buried in the same place as his sister. According to tradition, this occurred on 21st March 543 or 547. He was named Patron Protector of Europe by Pope Paul VI in 1964.
