

Clondalkin Prayer Walk

As you walk alone or with family take a minute to think as you pass these sights. See them as prompts for prayer while you are out and about for daily exercise within a 2km radius of your home. Children may enjoy helping to spot them.

Pray for those who are over 70 who need to stay home to stay safe. We miss being in close contact with all our friends and family. We look forward to being able to spend time with them again.

Pray for those living far away from their own homes and families. Pray they keep safe and well and we will be able to see them soon. Pray for the airline crews bringing medical supplies to and from Ireland.

Pray for the Gardaí who are working hard to help us all to stay safe at home.

Pray for all Irish government leaders and professionals. Give them strength and courage to continue to make the best decisions for our country and all people living here.

Praise God for his fun, his beautiful creation, our parks and wildlife.

Recall our way around Clondalkin. Pray for friends and neighbours who we often meet and stop with for a friendly chat. We look forward to doing this again.

We look forward the church doors reopening. We look forward to celebrating mass in person, coming together for baptisms, first communions, confirmations, weddings and all the holy days. We pray for those who have died and those who are grieving for them. We will keep our family and friends in our prayers. We pray for those who are sick or lonely at this time.

We pray for all the essential workers and community groups carrying out daily tasks in order to help us have what we need to stay safe at home.

We pray for all children at home missing school life and their friends. They miss not being able to go outside to play. Help them to be able to cope with all the changes in their routine.

A special prayer for all frontline staff in healthcare settings

A Prayer for Healthcare Workers

during this time of the Coronavirus COVID-19

Loving God,
we place into your care
all our doctors, nurses and healthcare workers.
Give them courage of heart
and strength of mind and body.
Keep them safe from harm.
May they know our deep gratitude
for all they are doing
to heal and help those affected by
the coronavirus.

God of all consolation
may they know your protection and peace.
Bless them in these challenging days
and bless their families. Amen.
